Median: The threshold which divides the real estate market into two equal halves, in reference to pricing. One half of the homes in the market were sold at a price above the median home price, while the other half were sold below that price.

Average: The sum of prices of all homes sold in a certain area in a certain period, divided by the number of properties sold in the same area in that period.

Listed Properties: Represents the number of available properties as of December 31.
